Online Teacher Development in CLIL

B1+ B2 C1

watch trailer

Learn innovative CLIL teaching techniques and get better-equipped to teach your core subjects in English.

What is CLIL methodology?

- CLIL (Content and Language Integrated Learning) is increasing in popularity worldwide. CLIL refers to teaching subjects such as Science, History and Geography to students through a second language. Using this methodology is an excellent way of improving your students' subject-knowledge and their level of English.

ONLINE MODULES

Learn with our innovative self-study programme specifically created for this course by our own teachers.

LIVE AND INTERACTIVE CLASSES

Connect online via Zoom with our teachers and colleagues from around the world.

Who is this course for?

→ Qualified or trainee primary and secondary school teachers.

→ This is a specialised programme in English for the non-native speakers.

Live sessions include:

- Practical activities focusing on planning CLIL lessons
- Developing and adapting materials based on the principles of CLIL and micro-teaching
- Using sample lesson materials

Throughout each module you are supported and guided by your tutors and fellow trainees.

TECHNICAL REQUIREMENTS

Laptop, or tablet, with webcam & audio capabilities. A reliable and stable internet connection.

The classes will be online via Zoom.

**Don't miss out on your place!
Register now.**

Bespoke programmes for closed groups.

We can personalise our programme to your needs.

→ Choose your day(s), time and length of study.

→ A closed group of 4 to 10 students of a similar level with a teacher.

→ Choice of courses or themes: General English, Teacher Development, etc.

→ Interactive lessons with fully qualified, experienced, native-level English-speaking teachers.

Contact us at marketing@celticenglish.co.uk and we can provide you with a personalised proposal.
