How do we deal with student's complaints?

Teacher, Timetable or Class

Where possible, we ask students to see their teacher if they are unhappy with their class or level. However, if they are embarrassed, or the problem is with their teacher, they can speak to the Director of Studies, (DoS) who will inform them of the proposed action (see below). The DoS will then invite the student/s to come back within a week to see if matters have improved.

The DoS will discuss the problem with the teacher concerned and identify possible solutions. If necessary, the DoS or the Assistant Director of Studies, (ADoS) will observe the class, and if deemed necessary undertake a second observation. The DoS or ADoS, where appropriate, will also give support to both the teacher and student/s e.g. with lesson planning and choice of materials.

If the students are still unhappy, the DoS may move the teacher to a more suitable class. If the problem is due to a personality clash, it may be possible to move the student to another class at the same level.

All the above stages will be documented on Google Drive and updated to Fidelo where relevant.

Where possible the DoS or ADoS will provide a teacher with as much support as possible, for example setting up a peer observation programme, helping with lesson preparation and conducting regular developmental observations. However, if matters do not improve, and the teacher continues to have problems with all classes, then a formal performance management plan may be put in place.

The Academy Premises or Student Services

Complaints about the Academy's premises, student services including social activities, airport transfer/s, bookings, support staff will be made to the Operations Manager or Student Support Officer. They will listen to the students and then take any appropriate action required.

Accommodation

Complaints about accommodation will be made to the Academy's Homestay Coordinator or Residence Accommodation Coordinator.

For homestays, the Homestay Coordinator will try to resolve any concerns by talking with the homestay host. For example, if it is a minor problem such as the type of food being provided. For the residence, the Residence Accommodation Coordinator will talk with the residence provider to resolve any concerns. For example, maintenance issues.

If the problem is serious with homestay provider, the Homestay Coordinator will visit the provider, or may ask the provider to come into the Academy for a meeting with the Homestay Coordinator and the CEO. In extreme cases, the homestay provider will no longer be used. All complaints are filed with the homestay provider's details. For serious complaints, the student is asked to fill in the Academy's complaints form. Any complaints in this area, need to be dealt with confidentially and sensitively.

Please note that there can also be occasions where the homestay provider has reason to complain about a student. In this case a similar procedure to above will be followed.

For the residence accommodation, any maintenance issues are reported by the Academy to the residence provider, Lumis Student Living, so that their maintenance team can resolve the issues. Depending on the type of maintenance issue, the provider should resolve these within 24, 48 hours or within 1 week. The timeframe to resolve the issue will be given to the Academy's staff who will then communicate this to the students.

If the complaint or feedback is related to bedding, cleaning or the self-isolation packs that Celtic provides, then the Academy will resolve the issue within 48 hours. If the complaint or feedback is related to noise or any other disturbance from the other residents of Lumis Student Living, then a warning letter will be issued by Lumis to the relevant parties. In extreme cases, the Academy reserves the right to remove any student who causes the issues from Lumis Student Living without any refund.

Recording of Complaints

Complaints of all categories will be added to the student's profile on Fidelo.
